12 August 2014**

Inauguration of Bhuiyadih Park

In a function organised by JUSCO on 12 August 2014, Mr Sunil Bhaskaran, Vice President (Corporate Services), Tata Steel Limited, inaugurated the Bhuiyadih Park. The function was attended by Mr Raghunath Pandey, President, JUSCO Shramik Union (JSU), Mr Ashish Mathur, MD, JUSCO, Senior Leadership Team from Tata Steel and JUSCO and representatives from JSU Mr S L Das, Mr B B Thakur, Sri Lal and others. Residents of the area along with representatives from Bagan areas were present to witness the inauguration of the park.

Jamshedpur is the first planned industrial city of India with a history of over 100 years covering 64 sq km with a population base of over 8 lakhs. The civic amenities and municipal services in Jamshedpur is maintained by JUSCO. Jamshedpur has one of the highest green cover (more than 27%) in India having 30 big and small community parks covering an area of over 300 acres. In the last decade JUSCO has planted over 12 Lakhs trees in town to maintain the air quality.

JUSCO has constantly been working for making Jamshedpur a Green City and Bhuiyadih Park is a step towards the same. In the last 5 years JUSCO has converted more than 10 waste lands and encroached areas into parks namely Golmuri Park, Baridih Park, Kagalnagar Park, Golmuri Jogger's Park, Agrico Jogger's Park, Shastrinagar Jogger's Park, Kadma Park, Gangotri Park, Nagarkot Park, Nildih Park, Shatabdi Park, etc. All these parks were either encroached or were place for anti social activities. JUSCO with the help from local residents converted those areas into parks for the benefit of the users.

The land were now park is constructed was earlier used as dumping ground for municipal waste with cow dung, encroachment and unhealthy environment. JUSCO took the initiative and with the help of local residents first removed the encroachment and convinced the residents that a park would be the best solution for that piece of land. The total area of the park is approx. 4.00 acres with facilities for both old and young including:

Jogger's Track	360 Sq. Mtr. (300 RMtr and 1.2 Mtr width)
